

- Raises aspirations, provides enjoyment, builds confidence and self-esteem the curriculum should motivate all pupils to want to come to school, learn and be keer to succeed regardless of their personal, social and family circumstances.
- Promotes spiritual, moral, social and cultural development All pupils should develop as rounded citizens through the totality of their educational experience.
- Encompasses the acquisition of personal, learning and thinking skills All subjects will
 emphasise the teaching, learning, assessment and progression in cross curricular
 skills
